Good afternoon Partners,

For the past 11 months Generate Health and our partners have worked hard to establish and enhance the Perinatal Resource Network through the Perinatal Behavioral Health Initiative. As we look towards the next fiscal year, Generate Health is calling a mandatory all partner meeting to discuss re-contracting for FY2018.

Prior to this meeting an additional email will be sent containing the Universal Perinatal Screening/Assessment and Referral Protocol for your review. Implementation of this protocol is part of your FY17 deliverable. Contract renewal documents will require proof of implementation.

Additional Dates to calendar:

June 20, 2017-Applications Due

June 23, 2017-Notify partners
